

Agency Readiness Self-Assessment

The following is a brief self-assessment intended to assist agencies (e.g., CBOs) to determine if they currently possess the capacity, or can build the capacity, to adopt and implement the Holistic Health Recovery Program intervention. Please read each item and then place a check mark (√) in only one response option.

Capacities and Resources Needed for the Holistic Health Recovery Program	Yes, we have this capacity (1)	We do not presently have this capacity, but can build the capacity (2)	No, we do not have this capacity (3)
1. Provide and adhere to all 12 of the Manual Guided Group sessions of HHRP			
2. Maintain a Program Manager/Director			
3. Maintain an Administrative Manager / Interviewer			
4. Maintain two group facilitators			
5. Maintain a private and secure meeting space to conduct intervention sessions.			
6. Agency must have pre-existing counseling and referral capabilities.			
7. Provide Individual Sessions (Orientation & Closing).			
8. Access to audiovisual equipment			

If all of your responses were in column 1 (“Yes, we have this capacity”) or column 2 (“We do not presently have this capacity, but can build the capacity”), your agency is likely “ready” for the Holistic Health Recovery Program.
